

Catarrhal Dangers.

to be freed from the dangers of suffocation while
down; to breathe freely, sleep soundly and undisturbed.

the refreshed, head clear, brain active, and in pain or ache; to know that no poison matter defiles the breath and roys away the richness of smell, taste, and hearing; to feel no poison does not, through the veins and arteries, poison that is sure to undermine and destroy a blessing beyond all other human enjoyment; to purchase immunity from such a fate should be the aim of all afflicted. But those who have tried many remedies, physicians despair of relief or cure.

ANFORD'S RADICAL CURE meets every phase of the disease, from a simple head cold to the most loathsome and destructive stages. It is local and constitutional in its action, and is permanent in curing, safe, and never failing.

ANFORD'S RADICAL CURE consists of 500 drops of the best oil of CATARHARIN, and one FIBROUS INHALER, all wrapped in a paper bottle, with directions, and a list of druggists for \$1.00.

TO THE STOCKHOLDERS OF THE

CHARLTON TERMINAL COMPANY.

It is informed, that in spite of the enormous amount of money earned by its Dundas & Erie street system, the Terminal Company was not able to borrow money in order to meet the payment of its obligations, and was forced to suspend the ordinary dividend on the preferred stock and to suspend on its collateral debt bonds.

In the light of such facts it is evident that the stockholders at once take the control of affairs and take over the company in the manner provided by the charter of the company.

The company may become seriously embarrassed and its property should be managed by an experienced business man, and the stockholders of the company at all railroad men of recognized ability, also the directors of the company.

A meeting of the Board of Directors.

The stock for a general meeting of the stockholders for the purpose of taking serious action on the premises of the company has been unanimously signed, and we request the stockholders to meet on the premises of the company at all times not yet due to sign the same program of action for the protection of the property of the company.

The call will be found at the office of the President of the company and an Trust Company, 20 William street, New York.
